Photon Flash Browser:
Photon is an app that is available for the iPad, iPhone, and other iOS devices. This app works as a web browser that allows the playing of flash videos and games on these devices. This app is an effective solution for accessing Pearson SuccessNet instructional videos and activities on iOS devices.

Photon Purchasing Information:
Photon Flash Browser is available to purchase at the iTunes App Store. It is available on the iPad for $4.99. To purchase for the iPhone, the cost is $3.99.

Photon View:
Instructions for Use:

App Use:
After purchasing and downloading the Photon Flash Browser on your device, launch the app. This app functions as a normal web browser including the ability to browse the internet, bookmark websites, open multiple tabs, etc. You will use this browser anytime you would like to access Pearson SuccessNet from your device.

Important Parent Supervision Note:
Please note that when downloading this app it is rated at 17+ and you must be 17 or older to download this app. This is due to the app’s ability to stream video and games. The Photon Flash Browser app and Pearson SuccessNet do not contain inappropriate content, however that inappropriate content could be accessed if users do not have appropriate parent supervision.

Login:
To access Pearson SuccessNet type in the website URL in the web address bar. The website URL is:

www.pearsonsuccessnet.com

Login to Pearson SuccessNet with your student’s individual account login. This account information can be obtained from your classroom teacher.
**Student Account:**
When you login to your student’s account, you will see the Reading Street and Envision Math subject area banners available for them to access. You will also see texts and other books assigned to your student in the bottom left under My Books.

When your student has assignments in a subject area the “To Do” button will be available. If there are no current assignments the button will be to “Explore.” Select the words “To Do” or “Explore” in the subject banner you are accessing.

**Student To Do’s:**
When you have selected the To Do button you will see any assignments from your student’s teacher. Pay close attention to the dates of the assignments to know when they will no longer be available. To access an assignment, click on the assignment name.

**Using Photon:**
When you are browsing Pearson SuccessNet and come to a screen in which a Flash Player is required the following error will display on the screen:

The content you have attempted to view is not supported on your device. If you need to see this content, please view this content on your desktop.

When you receive this error message select the lightening bolt icon in the top right corner of your app. This will enable the flash player and allow the video or game to load and run normally on your device.
